Study in the USA

Studying in the USA offers diverse educational opportunities with top-ranked universities and colleges. Students can choose from a wide range of programs and degrees. The USA is known for its cutting-edge research facilities and innovative teaching methods. It provides a multicultural environment, enhancing both personal and professional growth. Additionally, international students can experience a vibrant campus life and various extracurricular activities.

Ivy Leagues

Brown University
Columbia University
Cornell University
Dartmouth College
Harvard University
UPenn
Princeton University
Yale University

Admission to universities of USA usually requires a student to attempt SAT, IELTS or TOEFL, ACT, AP, GRE, GMAT depending upon course and university applied.

An applicant to study in USA would require F-1 student visa approval.

Twinkle Sharma

Carnegie Mellon, USA

EduQuest made my dream of studying in the USA a reality! Their expert guidance and personalized support streamlined every step of the process, from application to visa approval. I couldn't have done it without their dedication and knowledge.

Study in Canada

Studying in Canada offers world-class education with diverse cultural experiences and a welcoming environment. Canadian universities and colleges are renowned for their research and innovation. Students can choose from a wide range of programs tailored to various interests and career goals. The country also provides numerous work opportunities during and after studies. Additionally, Canada's natural beauty and high quality of life make it an attractive destination for international students.

Popular Universities

University of Toronto
McGill University
Uni of British Columbia
Simon Fraser University
University of Waterloo
York University
And Others

Admission to universities in Canada typically requires students to attempt exams such as IELTS or TOEFL for English proficiency. To gain admission and scholarships at top Australian universities, students should excel in SAT or ACT exams and achieve high scores in Advanced Placement (AP) courses. These qualifications demonstrate academic readiness and can enhance scholarship opportunities.

Deepkia Chauhan

McGill University, Canada

EduQuest was instrumental in my journey to study in Canada. They provided comprehensive guidance, from selecting the right university to ensuring my visa application was flawless. Their support made the entire process smooth and stress-free.

Benefits of Studying Abroad

CULTURAL IMMERSION

Experience new cultures firsthand, fostering a deeper understanding and appreciation of global diversity.

ACADEMIC ENRICHMENT

Gain access to top-notch educational institutions and diverse learning environments, enhancing your academic growth.

LANGUAGE PROFICIENCY

Immerse yourself in a language-rich environment, accelerating language learning and fluency.

PERSONAL GROWTH

Navigate new challenges independently, fostering resilience, adaptability, and self-confidence.

CAREER OPPORTUNITIES

Build an international network, enhance employability, and gain a competitive edge in the global job market.

ADVENTURE

Explore new landscapes, cuisines, and traditions, creating unforgettable memories and broadening your worldview.

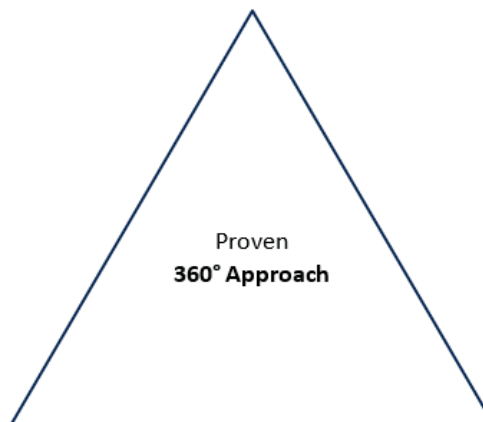

1-to-1 Profile Building and College Consulting

We craft personalized Master Roadmaps to guide students in selecting the ideal courses and universities. Our mission is to offer expert, ethical, and professional services, ensuring that students receive valuable advice to make well-informed decisions about their higher education abroad. Through a methodical and collaborative approach, we aim to empower students, maximizing their potential to secure admission to their Best-Fit University.

What is the ACTUAL Cost?

For a layman it is the total of :

$$\text{ACCOMODATION}(\$) + \text{TUITION FEES}(\$) + \text{AIRFARE}(\$) + \text{MISC}(\$) \\ = \text{TOTAL}(\$)$$

8 Months - PART TIME JOB:

$$15 \times 4 \times 8 \times 20 \times 45 = 4,32,000 \text{ INR} \\ (\text{DOLARX WEEKS} \times \text{MONTHS} \times \text{HRS} \times \text{RS})$$

4 Months - FULL TIME JOB:

$$15 \times 4 \times 4 \times 40 \times 45 = 4,32,000 \text{ INR} \\ (\text{DOLARX WEEKS} \times \text{MONTHS} \times \text{HRS} \times \text{RS})$$

Exam Structure

Component	Time Allotted (minutes)	Number of Questions/Tasks
Reading and Writing	64 (two 32-minute modules)	54
Math	70 (two 35-minute modules)	44
Total	134	98

SAT IS ACCEPTED IN INDIAN PRIVATE TOP UNIVERSITIES WAIVING OFF THEIR ENTRANCE TEST.

Section	No of Questions	Time	Time per Question
English	75	45 mins	36 seconds
Math	60	60 mins	1 min
Reading	40	35 mins	52.5 seconds
Science	40	35 mins	52.5 seconds
Writing (Optional)	1 Essay	40 mins	40 mins
Total (Without Writing)	215	2 hr 55 mins (Not counting breaks)	—
Total (With Writing)	216	3 hr 35 mins (Not counting breaks)	—

EduQuest PSAT & SAT Integrated Program: Your Head Start to Global Success....cont.

✓ 1. Early Start = Long-Term Advantage

- Begins from Grade 8, strategically aligning with students' academic journey.
- Early prep for PSAT helps students build a strong foundation for SAT.
- Removes last-minute pressure of SAT prep in Grade 11 or 12.
- Students progress in a structured, stress-free way with increasing challenge levels.

✓ 2. PSAT and SAT – Combined Smartly, Not Separately

- The integrated model ensures that PSAT concepts transition smoothly into SAT topics.
- Focus is on long-term retention and strategy, not short-term cramming.
- Students build test-taking skills, timing strategies, and stamina over years — not months.

✓ 3. Personalized Learning Journey

- Every student begins with a diagnostic test to map strengths and gaps.
- Learning plans are customized: from foundational concepts to advanced strategies.
- 1-on-1 mentoring and small groups ensure personalized attention.
- Mistake analysis, time management training, and feedback loops are built into the program.

✓ 4. Beyond Scores – Building a Global Profile

- The program includes early-stage profile building:
 - Research guidance
 - Community initiatives
 - Leadership projects
 - Creative pursuits aligned with passions
- These components complement SAT scores, creating a holistic profile that stands out in global admissions.

✓ 5. Proven Track Record

- 1500+ SAT scores achieved by EduQuest students.
- Successful admits to top universities like:
 - Harvard
 - Stanford
 - Carnegie Mellon
 - NYU
 - University of Michigan
- Up to 100% scholarships earned by students based on strong SAT scores and profiles.

💡 Why Should You Enroll?

Because SAT is not just a test — it's your ticket to scholarships, global education, and top universities.

- Starting in Grade 8 or 9 gives you time to master the test.
- The integrated program saves time, stress, and energy later.
- It prepares you to compete confidently on a global stage.

EduQuest PSAT–SAT Integrated Program Calendar

Grade	Duration	Focus Areas
8th Grade	Foundation Year (Initial Entry)	Orientation, academic baseline diagnostics, introduction to critical thinking and reading skills, curiosity-based learning, and exposure to global academic trends
9th Grade	6–7 Months	<input checked="" type="checkbox"/> PSAT Preparation (1-on-1) <input checked="" type="checkbox"/> Profile Building Begins (community service, competitions, early leadership roles)
10th Grade	6–7 Months	<input checked="" type="checkbox"/> SAT Preparation (Group Sessions) <input checked="" type="checkbox"/> Profile Enhancement (projects, research mentorship, subject-focused development)
11th Grade	6–7 Months	<input checked="" type="checkbox"/> Advanced SAT Preparation <input checked="" type="checkbox"/> Profile Matching with universities (identify best-fit colleges, mentor alignment, summer schools, and internships)
12th Grade	6 Months (until university admission)	<input checked="" type="checkbox"/> Admission Guidance <input checked="" type="checkbox"/> SOP & Essay Writing <input checked="" type="checkbox"/> LOR Drafting & Editing <input checked="" type="checkbox"/> IELTS/TOEFL Preparation <input checked="" type="checkbox"/> Final College Applications

EduQuest PSAT & SAT Integrated Program: Your Head Start to Global Success....cont.

17 Optional Timeline Add-on (Month-wise Breakdown Suggestion)

- June–December (Grade 9): PSAT-focused strategy, vocabulary, and math drills
- January–July (Grade 10): Start SAT group sessions + profile activity tracking
- August–March (Grade 11): Advanced testing, AP/Subject test syncing, shortlisting colleges
- April–October (Grade 12): Admission cycle — SOP, LORs, IELTS/TOEFL, college selection, application submission
- November onwards (Grade 12): College interviews, scholarship applications, visa counseling

Why This Calendar Works:

- No last-minute pressure
- Balanced workload each year
- Built-in time for SAT mastery, profile polishing, and college applications
- Customized support at every stage

Stories Are Abundant — But These Stories Stand Tall

At EduQuest, success isn't a coincidence — it's a roadmap built over years of strategic guidance, personalized mentoring, and early action.

While we have countless success stories, here are two that truly reflect the power of starting early and staying consistent.

Prakhar Gupta – From PSAT 8th to Stanford Admit with a Creative Spike

Prakhar joined EduQuest's PSAT 8th + SAT Integrated Program as a curious middle-schooler with a flair for tech and storytelling.

Under EduQuest's mentorship, he:

- Scored 1570 on the SAT
- Produced award-winning documentaries under the EduQuest Creative Lab
- Led his school's music band, playing guitar
- Published a research paper on AI in filmmaking
- With his strong profile and SAT score, Prakhar was admitted to Stanford University for Computer Science — his dream destination.

Adhrit Panday – Rifle Shooter Turned Scholar

Adhrit was a state-level rifle shooter, but EduQuest helped him turn that into a global admission asset.

He:

- Started the PSAT–SAT program in Grade 8
- Scored 1560 on the SAT
- Initiated social awareness programs around sports discipline
- Submitted a research paper on biomechanics in shooting

He earned a 100% scholarship to the University of Kentucky, home to one of the top NCAA rifle teams in the U.S.

And Then There's Seher Tanega – U.Penn Bound

A quiet but focused student, Seher followed EduQuest's plan religiously — from PSAT to SAT to Profile Building. Her spike? Behavioral Economics and Women's Advocacy.

She:

- Designed a community research project on gender & financial literacy
- Scored 1510 on the SAT
- Received admission into the University of Pennsylvania in Management and Technology with 5 AP

The Message Is Simple: Start Early. Stay Consistent. Build Smart.

Stories are abundant — but **Prakhar, Adhrit, and Seher** show that if you follow the EduQuest pathway early, **dream universities and scholarships are not just possible — they're probable.**

From Rifle Range to Ivy Dreams: The Inspiring Journey of Adhrit Panday

Adhrit Panday always had his eye on the target — quite literally. At just 12 years old, he picked up his first rifle at a local shooting camp and instantly found his passion. What began as a weekend hobby quickly turned into a disciplined pursuit. By the time he was in 8th grade, Adhrit had already won multiple regional championships in 10m Air Rifle Shooting, and had become a rising star in the Indian junior shooting circuit.

But Adhrit wasn't just aiming for medals — he was aiming for global education excellence.

That's when his family discovered EduQuest's PSAT 8th + SAT Integrated Program. Recognizing the importance of early academic preparation and profile building for U.S. admissions, Adhrit enrolled. The program didn't just prepare him for standardized tests — it helped him build a brand, combining his shooting achievements with academics, leadership, and community work.

How EduQuest Helped Sharpen His Aim – Beyond the Rifle Range

✓ **PSAT & SAT Mastery:** Adhrit began his SAT preparation early. By 10th grade, he scored an impressive 1560, with a perfect 800 in Math and 760 in Verbal — a result of EduQuest's personalized mentorship and strategy-based training.

📁 **Profile Building:** EduQuest helped Adhrit craft a standout profile:

- He conducted awareness camps on gun safety and discipline for underprivileged students.
- He started a YouTube series titled "Focus Mode: Lessons from the Rifle Range" linking sports focus to academic success.
- He also contributed a research paper on Biomechanics in Shooting Sports, mentored by EduQuest's STEM faculty.

🌐 **Applications & Essays:** His personal statement narrated his story of focus, resilience, and the science behind every shot he took. EduQuest's counseling team helped refine it to perfection.

Hitting the Bullseye: 100% Scholarship to a Top U.S. University

Adhrit's holistic profile and SAT score earned him acceptance and a full-ride scholarship at the University of Kentucky, one of the top U.S. universities with a NCAA Rifle Team that consistently ranks among the nation's best.

He also received offers from:

- West Virginia University (WVU) – 19-time NCAA Rifle Champions
- University of Alaska Fairbanks (UAF) – Home to elite rifle athletes
- Ole Miss (University of Mississippi) – NCAA competitive rifle program

Today, Adhrit Represents Not Just a University — But a New Generation

Today, Adhrit trains under world-class coaches in the U.S., balancing rigorous academics with his shooting passion. He's already part of his university's Division I Rifle Team, and dreams of representing India in the Olympics, while pursuing a dual degree in Kinesiology and Data Science — a unique combo he wouldn't have imagined without EduQuest's guidance.

Adhrit Says:

"EduQuest didn't just prepare me for the SAT. It taught me to think long-term — to build a profile that reflected my true self. Shooting gave me focus. EduQuest gave me direction. And together, they helped me shoot for the stars — and land among them."

Message for Every Aspiring Youngster:

Start Early. Stay Focused. Build Smart.

Because when passion meets preparation — **magic happens.**

Case Study: Prakhar Gupta – A Journey from PSAT 8th to Stanford Computer Science with EduQuest

Student Name: Prakhar Gupta

Admitted to: Stanford University – Computer Science

EduQuest Services Availed: PSAT (8th & 9th), SAT Training, Profile Building, IELTS, Admission Counseling

Unique Profile Spike: Filmmaking and Documentaries

Other Activities: Guitarist in School Music Band

☀ Introduction: The Beginning of a Dream

In Grade 8, Prakhar Gupta joined EduQuest's PSAT Foundation Program with a dream to one day walk the halls of a top-tier global university. Like many young students, he was talented but unfocused, passionate but needed direction. That's where EduQuest came in — not just as a tutor, but as a mentor, a guide, and a catalyst for transformation.

📖 Phase 1: Strong Foundations with PSAT 8th and 9th

EduQuest's structured and strategic approach helped Prakhar master the fundamentals of English and Math early on. With:

- Customised Lesson Plans
- Rigorous Practice with Error Analysis
- Real-time Adaptive Learning Tools

Prakhar scored exceptionally well in PSAT 9, ranking in the top percentile nationwide. These early wins boosted his confidence and established a strong academic base for the SAT.

🎯 Phase 2: Cracking the SAT with a 1550+ Score

By the time Prakhar was in Grade 10, EduQuest shifted gears to SAT preparation.

With one-on-one mentoring, timed practice tests, and EduQuest's micro-topic drills, Prakhar:

- Scored 1570 on the SAT (790 Math | 780 Verbal)
- Finished the SAT by the end of 11th grade
- Freed up time to build a high-impact profile

👤 Phase 3: Building a Brand – The EduQuest Way

Under EduQuest's profile-building mentorship, Prakhar discovered and developed his personal spike: Filmmaking.

- He directed two short documentaries on local environmental issues and one on mental health awareness among teens.
- Submitted films to international student film festivals, receiving honorable mentions and jury appreciation.
- His works were even covered by a youth-focused digital platform, enhancing his digital footprint

Parallelly, EduQuest encouraged him to pursue his love for music:

- He became the **lead guitarist** in his school music group
- Performed at **inter-school cultural fests**
- Co-composed a theme song for a school awareness campaign — blending tech and creativity

Phase 4: IELTS & College Applications

EduQuest didn't stop at academics and profile; they ensured Prakhar was college-ready globally:

- Scored **8.0 Bands in IELTS**
- Received **expert guidance on essays, LORs, and interviews**
- Finalized a **college list** focused on STEM schools with strong CS + Arts ecosystems

Phase 5: Ivy Dreams Turned Reality

Prakhar received multiple offers from top global universities like:

- Stanford University (CS Major)
- University of California, Berkeley
- University of Toronto with a merit scholarship
- Carnegie Mellon (School of Computer Science)

But his heart was set on Stanford — where the intersection of technology, creativity, and innovation matched his ambitions perfectly.

What Prakhar Says:

"EduQuest saw a spark in me before I could see it myself. They didn't just prepare me for tests; they prepared me for life. From SAT strategies to storytelling in my profile, from editing my films to editing my essays — they stood by me. Today, I walk into Stanford not just as a student, but as a brand. Thanks to EduQuest."

Key Takeaways:

Milestone	Outcome
PSAT 8/9	Top 5% percentile
SAT Score	1570
Profile Spike	Directed 3 award-winning documentaries
Creative Edge	Guitarist, Composer, Cultural Leader
IELTS Score	8.0 Bands
Admit	Stanford CS with complete profile support

EduQuest Creates Leaders, Not Just Applicants

Prakhar's story is a powerful reminder that early mentorship matters. With EduQuest's holistic ecosystem of test prep, profile building, and admission guidance, students don't just make it to the top universities — they stand out when they get there. If your child has the spark, EduQuest will help them turn it into a fire.

Services & Steps

Step 1: Psychometric Test

- Personality & aptitude-based
- Multiple intelligence mapping

Step 2: Report & Interpretation

- Mentor-led analysis
- Student-parent feedback session

Step 3: Career Plan

- Streams & subject guidance
- Country/course mapping

Step 4: Recommendations

- Personalized plan on:
 - Profile building
 - Test prep timeline
 - Courses & career fit
 - Best countries/universities

Innovation Project Options

- Research paper publication
- AI/ML-based app building
- Eco-Innovation projects
- Entrepreneurship projects
- Business Plan Competitions
- Documentary Filmmaking
- Robotics & Mechatronics challenges
- Sustainable tech design
- Virtual internships with global firms
- Hackathons
- Tech-for-good community projects
- Data Science case competitions
- Community service-based innovation
- Design Thinking-based solutions
- Cross-cultural collaboration projects

Deliverables

- Detailed student report
- Personalized career roadmap
- Skill matrix
- University shortlist
- Psychometric test output
- Mentor session summary
- Roadmap with timelines
- Stream & subject finalization
- Short/long-term career plan
- Application calendar
- Activity planner
- Timeline tracker
- Milestone tracker
- SOP drafts, resume formats
- Interview readiness

Profile Building Options & Life Skills

- Volunteering & Community Impact
- Summer Schools (India/Abroad)
- Olympiads & Competitive Exams
- Subject Mastery Courses
- Leadership Initiatives
- Online internships & mentoring
- Personal Branding (LinkedIn, Blogs, Portfolios)

Life Skills

- Communication, Time Mgmt
- Emotional Intelligence, Resilience
- Capstone Project
- Social Innovation Activities
- Blogging/Vlogging on passion areas
- Conflict Resolution
- Growth Mindset workshops
- Olympiads (IMO, ISO, NSO, etc.)
- Model UN / Debate Clubs
- Creative Writing
- Interview skills
- Digital literacy & AI tools

End-to-End Support (India & Abroad)

Pre-Application

- Test Prep: SAT/ACT/IELTS/TOEFL/AP/CUET/UCAT/BMAT
- Profile Mapping
- College Shortlist (Dream/Reach/Safety)

During Application

- SOPs, Essays, LOR drafting
- Form filling
- Application review
- University correspondence

Scholarships

- Need/merit-based search
- Essay strategy
- Document checklist
- Financial aid forms

Post-Application

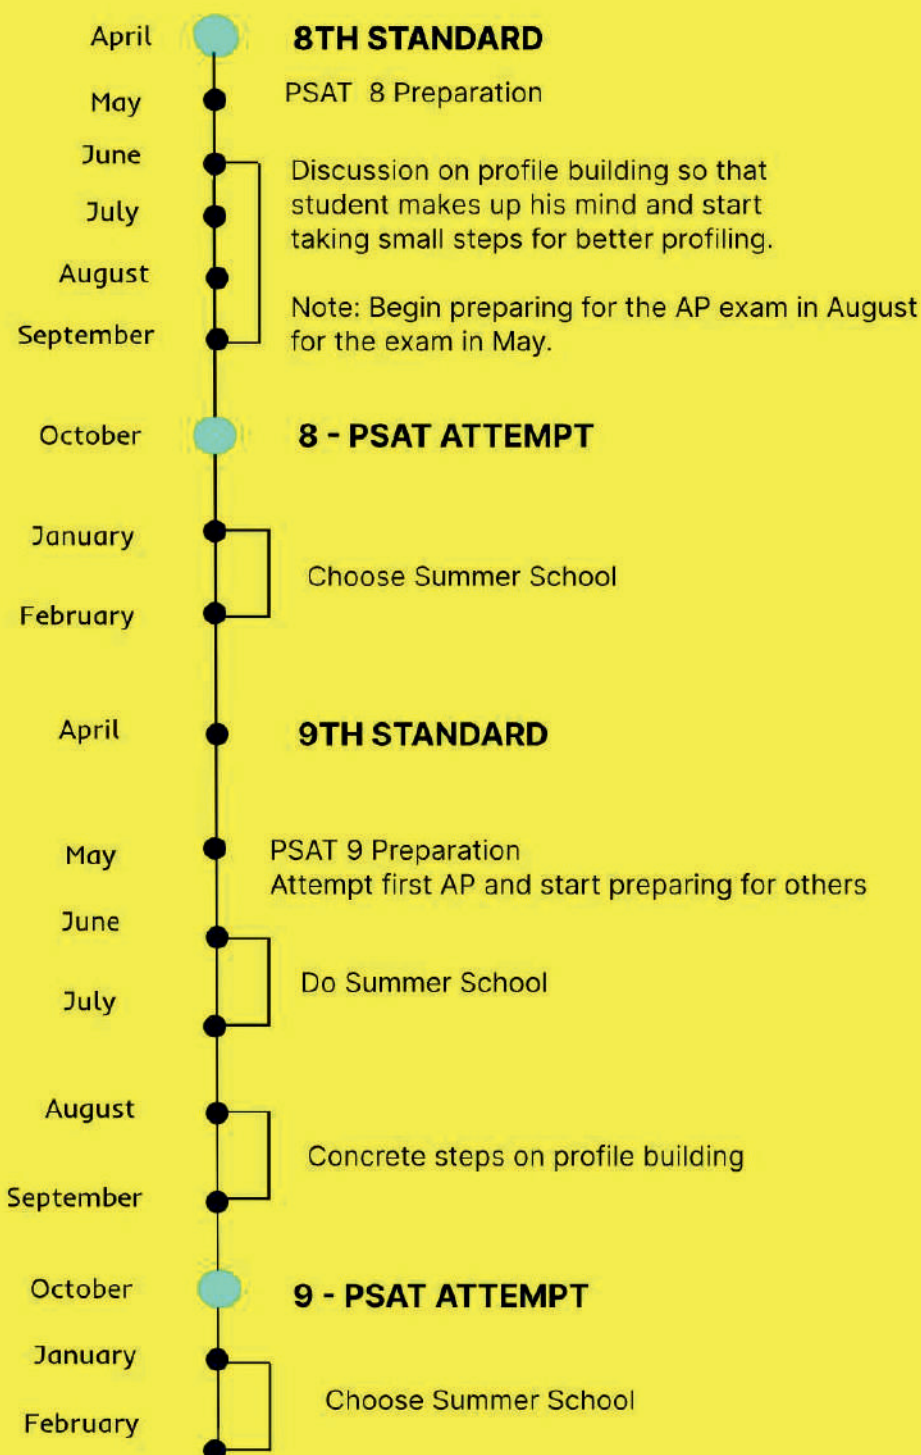

- Visa & accommodation
- Forex, tickets, insurance
- Orientation, Transition support
- Internships & on-campus prep

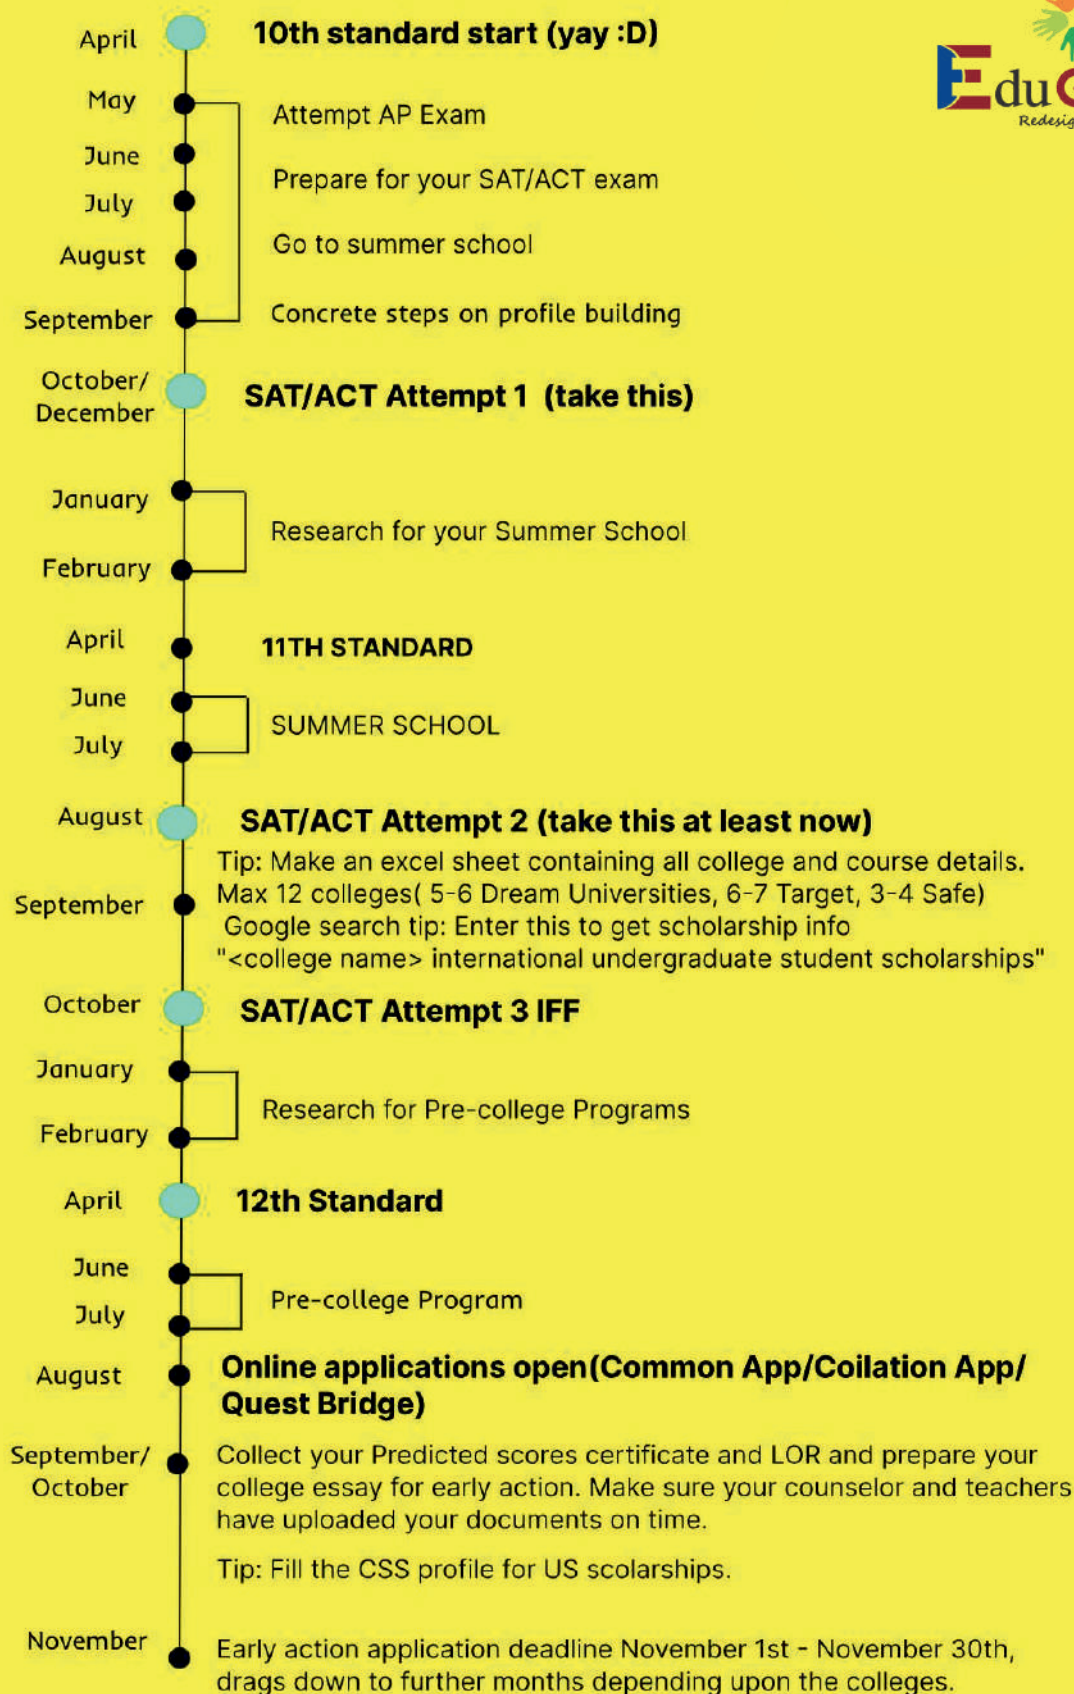

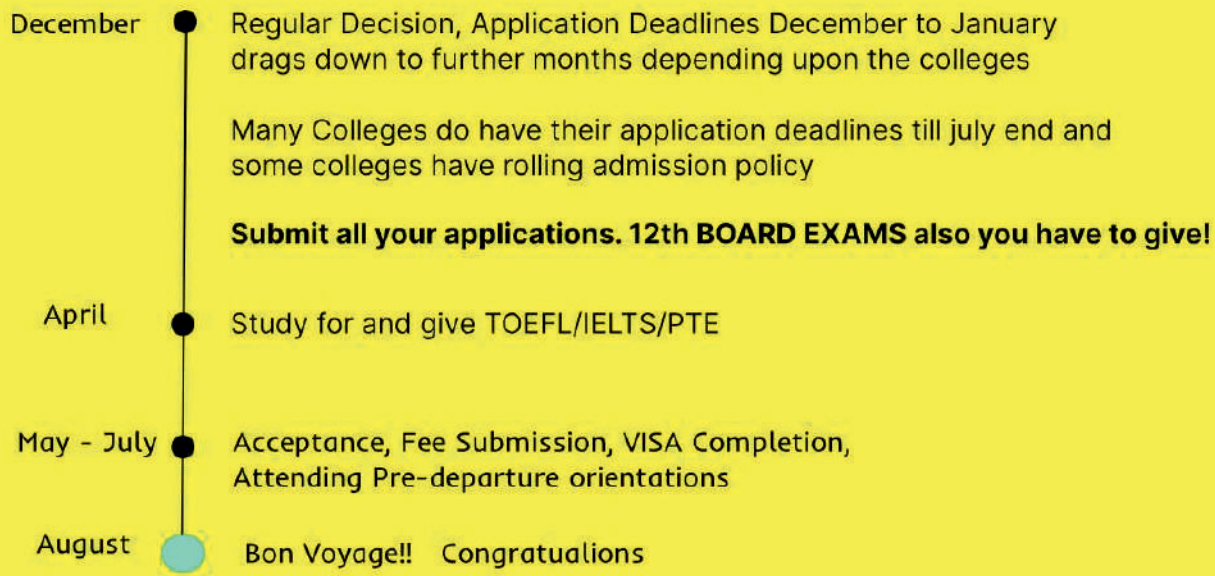

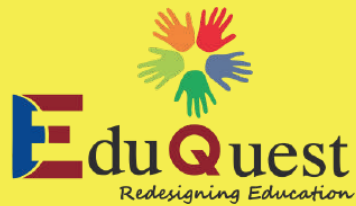

Note: The EduQuest Philosophy on Profile Building

Profile Building is like a flowing river of possibilities. Every student holds the potential to evolve into a unique and impactful brand. They don't need to mimic others — they simply need the right direction, personalized motivation, and a vision of what's possible. At EduQuest, we help students uncover their originality, nurture their strengths, and craft authentic stories that reflect who they truly are. Because no two students are the same — and neither should their journey be.

TIMELINE

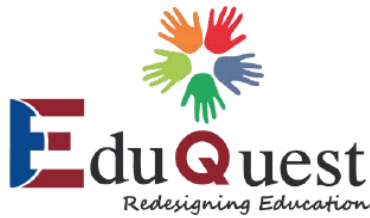

NOTE: Those who start their SAT Prep in 12th, can attempt in the month of March/May/August/October/December

GRAB YOUR CHANCES TO PROVE YOU, YOU'RE NOT SO LATE
